STORES ARE HAVING BIG HOLIDAY TRADE

Merchants Are Well Pleased With Xmas Business—Many Strangers Doing Shopping

Many of the local merchants express themselves as highly satisfied with the holiday trade. Some of the dealers say that the business is far in excess of that of this time last year. The prospects are that there will be a continuous rush of shoppers from now until late Xmas. In some stores extra clerks have been engaged to assist the regular force. The majority of merchants bought heavy stocks in anticipation of large sales and they have had no cause for regret. The goods are being disposed of at a rapid rate.

Large quantities of toys and children's gifts are being sold. This is one indication of prosperity for when times are poor, people, as a general rule, buy only the useful and necessary presents. Jewelry men report a steady demand for goods in their line and have already sold some of their most expensive stock. Purchases made at this time are usually laid aside for delivery on the day before Christmas.

There is a noticeable increase in the number of outside shoppers who come to the city from the neighboring towns to do their holiday marketing. Through their ads in the local newspapers the merchants have appealed to many of these people who are attracted by the high quality and reasonable prices of the goods. In this way much of the trade which would otherwise go to the catalogue houses in the large cities is distributed in Rhineland. The buyers from Three Lakes, Monico, Milwaukee and other villages, figure that it is just as cheap for them to bear the expense of a trip to this city where they can make personal selections of goods, as it is to pay freight and express charges on shipments from the big markets. They are also assured of getting exactly what they want and at no higher prices than asked by the mail order man.

Stores are Decorated

Many of the stores have been transformed into dazzling fairlands by the beautiful and appropriate holiday decorations. Along Brown and Davenport streets the pedestrians are attracted by the artistic window displays and the hundreds of pretty gifts on exhibition. Everywhere the true Christmas spirit seems to predominate and one is endowed with the feeling of kindness and brotherly love.

WEDGE AT MILWAUKEE

He Delivers an Address at a Base Ball Banquet

At Wausau and Madison Rev. F. R. Wedge addressed large audiences last week. He spoke at both cities under the auspices of the Y. M. C. A. On his return to Omaha he spent a day or two at Milwaukee where he was the guest at a base ball banquet. Regarding him the Evening Wisconsin says:

"It is seldom that baseball players of the leagues are given an opportunity to hear the fine of talk that was handed out to them Saturday evening at the annual banquet of the City League given by Pat McManus, manager of the Sison & Sewells, at his place on Third street. The players were given a treat inasmuch that they were honored with the presence of Judge John C. Karel of the county court and Rev. F. R. Wedge, both of whom made addresses which those present will hardly ever forget."

"Rev. Mr. Wedge, who happened to be in the city Saturday, attended at the invitation of Judge Karel. It may seem strange, but the reverend gentleman was formerly a fighter and only two years ago engaged in ring contests in northern Wisconsin. He attended Wisconsin university and also had a fight while at Madison. He was a pretty good fighter, too, and during his speech he told of many interesting experiences in the ring. He also gave the boys some good sound advice and there was not one present who did not have the greatest respect for the man. It was probably the first sermon that some of them ever heard, but it left an impression that will be hard to eradicate from their minds."

NO CHANCE IN STRIKE

Difficulty Between Switchmen and Railroad Remains Unsettled

The switchmen's strike continued with apparently no change in conditions. Along the Soo road freight traffic is tied up to some extent owing to the blockades in the yards at St. Paul and Minneapolis. Several of the train men who make their homes in this city have been laid off temporarily on account of the lack of work. Many of the large yards on the line are filled with cars waiting to be moved as soon as the strike is over.

At this time there is no telling when the trouble between the switchmen and the railroads will be settled.

The strikers say that they will be at work before Christmas under conditions satisfactory to them or every member of the union in the United States will be out on strike.

Train men who run into the twin cities inform a New North reporter that a large number of the switchmen are commencing to feel the distressing effects of the strike. In some cases their families are actually suffering from hunger and lack of fuel. Not a few of the men were without funds when the difficulty started and these are the ones who are experiencing real hardship.

Even among railroad employees the feeling exists that in the end the switchmen will be forced to return to work under the old conditions and wage scale and will thereby gain nothing by their walk out.

Very little regarding the progress of the strike can be learned through the columns of the daily press and for this reason the general public has scarcely any idea of the true seriousness of the trouble. There are some people who readily express the opinion that the railroad corporations have "bought up" the newspapers.

DEATH FROM LIQUOR IS PRISONER'S FATE

Alexander Anderson Dies at County Jail As Result of Long Battle With Whiskey.

Death from over indulgence in liquor was the sad fate of Alexander Anderson, a man 45 years of age, who passed away Sunday night at the Oneida County jail.

Anderson was arrested by Sheriff Jilison at Monico last Thursday for breaking into the sheriff's ware house at that place. At the time of his arrest the man was in bad state of intoxication and after being placed in the jail in this city began to show unmistakable symptoms of delirium tremens. As he gradually grew worse Dr. S. H. Stone, the county physician, was summoned. A nurse was also engaged and for four days the patient was given the best of care in the hope that his life might be saved. It was a grim battle between man and liquor and in the end whiskey proved itself the better general. Those who gathered about the poor unfortunate in his dying struggles could not help but be touched by the pitiful scene. Dr. Stone who filled out the death certificate named the cause of death as chronic alcoholism.

Nothing could be learned regarding Anderson's relatives and he had no friends to even give his wasted body a decent burial. The county was forced to assume charge of the remains which were interred in the Potter's field. There, a small wooden slab marks the final resting place of one who fell a slave to the awful craving for drink.

Sheriff Jilison, who knew Anderson well, says that for the last year the unfortunate had for over three quarters of the time been under the influence of intoxicants. He managed to maintain an existence, such as it was, by doing odd chores about saloons.

QUARTETTE FOR WAUPUN

Sheriff Walter of Iron county passed through this city on the Northwestern limited, one night last week, in charge of four prisoners from Hurley who had been sentenced to the state prison at Waupun.

The men were Paul Duquesne, who received twenty months for forgery; John Winkler, 18 months for larceny; Phil Marrot and A. J. Moore, each one year for forgery. All four pleaded guilty to the charges against them.

WORK BEING RUSHED ON COURT BUILDING

Now Ready For Finishing Touches—A Magnificent and Substantial Structure.

Through the courtesy of Arthur Taylor, chairman of the building committee of the Oneida county board, the editor of the New North was taken on a trip of inspection through the new court house, last Thursday afternoon. Mr. Taylor acted as guide on the journey about the building and kindly explained every interesting feature.

It is at this time, before work on the finishing touches is commenced, that one is given an excellent idea of the architectural design and durability of the massive structure. From the base of the building to the top of the imposing dome every detail of the construction has been done in a solid and apparently faultless manner. As one enters the building through the main entrance he is confronted by the grand stairway which leads to the offices of the various county officials and court rooms on the floors above. Encircling the open rotunda in the center of the structure are wide corridors for the public. The largest rooms are those of the circuit, municipal and the county court. There are also spacious rooms for the county board and jury. Each of the offices is equipped with large double vaults for the storing of records, books, and valuable papers. The rooms are arranged in such a manner as to be easy of access, in many cases being connected by wide passage ways. One of the rooms on the first floor is designated especially for the use of the county farmers. Here they can gather on market days, rest after their lunch, or otherwise make themselves comfortable. This room was an original idea of Mr. Taylor's.

Only the best of material has been used in the building. The walls and ceilings are of iron and steel covered by a hard finish plastering. The structure is heated by a steam plant located in the rear. Both electricity and gas will be used for lighting. An air cleaning system will also be installed.

A large crew of workmen are now busy rushing the work of completion. Just when the building will be ready for occupancy is not exactly known at this time. Several months will be required before all is in readiness. Mr. Taylor is on the ground every day carefully observing every detail of the undertaking and is watchful that nothing is left undone or omitted in the contract.

To give our readers a complete description of the new structure would require columns of newspaper space. It is only by a visit to the court house that one can form a true conception of the building's substantiality and magnificence.

RECEIVE LIFE SENTENCES:

Peltrzyk and Wojciehowski Confessed Murderers of Mattie Zinda, were sentenced by Judge Brazee at Milwaukee, last Friday night to life imprisonment in the state prison at Waupun. The prisoners were taken to the penitentiary immediately after receiving sentence and spent their first day in solitary confinement.

The murder of which these fiends are guilty was the most revolting ever recorded in the criminal annals of the state. Many details of the crime are unprintable and it is only by conversing with citizens of Milwaukee that one can learn the true facts of the horrible deed. In passing sentence upon the brutes, Judge Brazee said that he was sorry that the law prevented him from imposing a more severe punishment.

At Morrill's Camp.

Chas. Morrill, of this city said that Peltrzyk and Wojciehowski were at his camp near Armstrong Creek just a few days previous to their capture at Blaney, Mich. They worked a short time and left the camp in a hurry without calling for their wages.

The officers who captured the murderers were merely in performance of their duty and therefore will not receive the reward of \$2000.

DR. WILLIAMS IN TROUBLE

Optician, Who comes To Rhineland, Arrested at Oconto

From the Oconto Enterprise is taken the following regarding Dr. C. E. Williams, an eye specialist, who frequently visits this city:

"Dr. C. E. Williams, who left this city very suddenly about the middle of last July, was brought here last Monday afternoon by a detective and lodged in the county jail, having been arrested on a statutory charge, the complaint being sworn out by Chas. Helmer.

"Dr. Williams came here from Wausau early last summer and advertised himself as an eye specialist. He went from house to house soliciting work, but about the middle of July he took flight suddenly, and simultaneously with his departure a warrant was issued for his arrest. The officers have been on his trail ever since, and last week he was located at Wausau by a detective, placed under arrest and brought to this city to answer to the charge lodged against him. The same day he was taken before Justice Conley on Dec. 1st at 5 o'clock a. m. He furnished bonds Tuesday in the sum of \$400 for his appearance at that time. He again left the same evening."

RESIGNS TO ACCEPT A BETTER POSITION

Miss McCarthy Leaves City to Take Charge of Stephenson Library at Marinette.

Miss Ada J. McCarthy has resigned as librarian at the Public Library in this city and will depart within a few days for Marinette where she will accept a like position in the Stephenson Public Library. She was engaged at a meeting of the library board of that city held last Thursday evening. The position carries with it a large increase in salary over what Miss McCarthy has been receiving in this city.

Miss McCarthy assumed the duties of librarian at Rhineland library in June 1907. She is a graduate of the Milwaukee Normal schools and has taught in the schools of Richland Center, North Yakima, Wash., and Minneapolis. As a librarian she is thoroughly versed in every branch of the work and has rendered excellent service during the time in which she has been in charge of the local library. It is with regret that the people of Rhineland learn of her resignation. The Stephenson Public Library is one of the largest and best equipped in the state.

Among the many letters recommending Miss McCarthy received by the Marinette library board was one from Henry Legler, librarian of the Chicago Public library and one of the most widely known authorities on his work in the country. His letter reads as follows:

Letter From Legler

Library Board,
Marinette, Wis.
Gentlemen:—Having learned that Miss Ada McCarthy, librarian at Rhineland, is under consideration for an appointment to a similar position in Marinette, I venture to write you in commendation of her work hitherto. Miss McCarthy has unusual personality and rare enthusiasm, and has splendid technical equipment as well. If the library board should conclude to name her as Miss Pinkum's successor, I am sure that she would fill the position creditably in every way, and that you would feel after her coming to you that you had made no mistake. She understands conditions such as those which you have in Marinette, and both her training and her experience would make her in every way a capable and likeable librarian. Sincerely yours,
HENRY E. LEGLER,
Librarian.

Successor Not Named

The Rhineland library board has not yet selected Miss McCarthy's successor. A meeting of the board was held yesterday afternoon but the matter was not acted upon. Several applications for the position are being considered.

BASKET BALL TEAM

That Rhinelander will not be without the interesting sport of basket ball this winter is shown in the active preparations now being made by the boys of Co. L, toward organizing a team.

There is plenty of strong material in the company for the perfection of a first class team and try outs are now being made. First Sergeant Forest Himes has been elected manager and he will make an effort to get a number of games with fast outside teams.

LETTER FROM KIRKE WHITE

In a letter from Everett, Wash., dated December 3, Kirke White, who was at one time First Sergeant of Co. L of this city, states that he occasionally meets some of the former members of the company on the coast and has pleasant talks with them regarding old times in the militia and the trips to Camp Douglas.

Kirke is employed as a shingle weaver at Everett, but for a month previous to the date of his letter he had not worked owing to the shut down of all the mills caused by the high water of the Snohomish river. He likes the west very much. The young man is a son of J. N. White of this city.

RETROSPECTION

If I was young with the experience of a sage,
With a head like a judge and a body to match it.
With bright youth on my side instead of old age.
Tho' my goal would be high I think I could reach it.
But at fourscore and four I find myself broken,
With energy lost and nerve for aye quite gone,
But will bow to my fate and accept as a token,
The signs of the times as I travel along.
With high aspirations without the fruition,
Environment holding me fast in her grip,
Working and watching for the right situation,
Which if it e'er come my way, I blindly let slip.
But now it's too late to change the condition,
But to the dear children a moral to teach.
Don't be discouraged if you don't have your lesson,
But try again and keep trying if the goal you would reach.
Mrs. D. M. Taylor.

IS ATTACKED BY ROOSTER

But Baby Danfield Gives Bird the Worst of Encounter
In an encounter between Webster, the little two year old son of Mr. and Mrs. Elmer Danfield, and a monster rooster, the other day, the noble barn yard fowl was badly worsted by the youngster.
Webster, taking his toy gun, journeyed forth into a neighbor's yard for the purpose of hunting "chickens." As he was slowly toddling along toward a group of scratching hens, an old rooster, scenting trouble, suddenly loomed into sight and rushing at the little boy knocked him to the ground.
To be attacked in this hostile manner would have made the majority of two year olds cry with fear, but not so with Webster. In an instant he was upon his feet and with the butt of his gun hit the offending rooster a crack over the crown comb that caused the bird to take instant flight to the regions of safety.
Mrs. Danfield and a few of the neighbors witnessed the incident and were much amused. When asked about his experience all that Webster would say was, "Naughty chickens to hurt baby."

TO BUILD BIG MILL

C. B. Pride, the contractor who built the plant of the Rhinelander Paper Company in this city, is about to erect and operate a large paper mill at Spokane, Wash. The plant is to be located on the Spokane river about four miles east of the city where there is a hydraulic power of approximately 3600 horse

One year will be necessary for the mill's construction and 225 car loads of machinery and 360 car loads of building material will be required. According to a statement made by Mr. Pride the mill will have an annual capacity of 500 cars of paper.

Mr. Pride has been located at Spokane for the last three years and during this time has been active in the development of water powers in Washington, Montana, Idaho and Oregon.

Sick Headache

"I have been a frequent sufferer
from sick headache for years, yet
never would use headache tablets.
My son persuaded me to use Dr.
Miles' Anti-Pain Pills during one
of these attacks, and to my surprise
it gave me speedy relief."

MRS. LOUISE LEWELLYN.

Powell, S. D.
When the disturbance which
causes headache affects the nerves
at the base of the brain, which con-
nect with the large nerves that run
to the stomach, heart and lungs, it
frequently causes headache with
vomiting—sick headache.

Dr. Miles' Anti-Pain Pills
soothe the irritated brain nerves
and the cause of pain is removed.

The school children of Rhinelander
have entered into the Christmas
stamp selling campaign with an en-
thusiasm that is good to see. The
pupils of all the grades are hustling
in an effort to dispose of as many of
the stamps as possible before the
holidays. In this way they are doing
their full share in the fight against
tuberculosis and are deserving of
credit. It is hoped that they will
be successful in winning one of the
air cleaning outfits offered as a
prize by the American Air Cleaning
Company.

The Sunday School of the Baptist
church will this year dispense
with the usual Christmas program
and in its place give two Christmas
socials: one in the afternoon of
Thursday Dec. 23, for the primary
department, and one in the evening
for the other departments. This in-
novation will no doubt be highly
pleasing to the members of the
school. On Christmas eve, the 24th,
there will be a Christmas service
for all. The Military Orchestra will
furnish music; the pastor will give
a brief address, and at the close of
the service the members of the
Sunday school will receive their gifts.

Next week's New North will be issued Wednesday instead of Thursday. We wish to do everything in our power to give the advertisers an opportunity to tell the public about their goods, and enable the purchasers to learn the where abouts of these goods. The merchant who has first class goods at right prices is glad to let the public learn where these bargains are.

Read the columns of the New North before making your purchases.

The war in Nicaragua between the government forces and the revolutionists still continues. Both sides claim to be gaining an advantage. The United States still continues to aid the revolutionists and plan the downfall of Zelaya.

Is Chicago getting good? The "First ward ball", the annual orgie given by Admen "Bathhouse" John Coughlin and "Hinky Dink" McKenna, was this year, through protests of the clergy and law abiding citizens, replaced by a concert which had every appearance of an old fashioned Sunday school convention.

The nominations of Judge Horace H. Lorton of Nashville, Tenn., to be associate justice of the supreme court of the United States in succession to Justice Peckham, and of George H. Carpenter of Chicago as district judge, in succession to Judge Bethel, were sent to the senate the other day. Judge Lorton is a Democrat and has seen long service at the bar and on the bench.

The federation of labor asked the president not to appoint Judge Lorton saying he is too friendly to the great railroads. It is said Roosevelt turned down his name once for this reason.

The death of King Leopold, King of Belgium, is expected hourly. He was operated on Tuesday for stoppage of the bowels, but it is feared he can not live due to his reduced condition before the operation and his advanced age.

Prince Albert will succeed his uncle as ruler of Belgium. Albert is a nephew of the King. Crown Princess Elizabeth of Belgium, wife of Prince Albert, the crown princess is regarded as the most versatile and cultivated princess in Europe. She is the daughter of Duke Charles Theodore of Bavaria, a famous occultist, whom she accompanied before her marriage on several scientific expeditions. She is also an accomplished violinist, and acquainted with several languages.

Maj. Gen. Leonard Wood, now in command of the department of the east, will be the next chief of staff in the army. He will succeed Maj. Gen. J. Franklin Bell, whose term will soon expire.

Gen. Wood's rapid advance to the command of the army largely resulted from the friendship of Roosevelt when he was president.

Nine years ago Gen. Wood was in the medical department. When Roosevelt organized the Rough Riders for the Spanish-American war, Wood was given the colonelcy of the regiment while Roosevelt was lieutenant colonel.

After Roosevelt became president he advanced Wood at every opportunity and he now becomes chief of staff over the heads of scores of men who properly outrank him and who won honors on the frontier and in other service long before Wood was a soldier.

The special interests are more fully realizing that the name Cannon is a menace to their cause. They know he has been their devoted champion and faithful servant but they care more, a thousand fold, for their interests than for any man. He is but a tool in their hands and when the tool fails to accomplish its work another is taken up and the work is pushed with greater vigor than before. Some of the wisest men of the Nation predict Cannon will fall with this congress, that his day as a factor in politics will cease but this does not mean that the special interests will cease their labors to get undue advantage in the fight with the masses but will try to derive the people with a new representative and put them off their guard. The next election for representatives in congress will be a fight for dominance of the old machine and the people.

Do not let the machine fool you. They are backed with brains and capital.

A sensational article will be in Collier's of Dec. 13 accusing Ballinger of aiding the grafters against the United States Government. The article is headed as follows:

Can This Be Whitewashed Also? New Quagmires for Ballinger—Senator Heyburn in Deep Likewise How Campaign Funds Figured—The Administration Badly Tied Up.

The article says: "In confession of S. A. D. Puter, king of the Oregon land fraud ring, convicted by Henry, Puter charged that during Ballinger's short term as commissioner of the general land office Northern Pacific land patents by the wholesale were issued. He also stated that the general land office under the Ballinger and Deannett administration shut its eyes to glaring land frauds in Oregon."

Then the article goes into considerable detail regarding the alleged Guggenheim connection and quotes from a report said to have been made to Mr. Ballinger by a special agent in August 1907.

In the light of bold assertions against Mr. Ballinger will President Taft retain him in his cabinet? Surely, he is aloof on the administration.

Co. asking for a large amount of advertising space in this paper. The writer says that the company did not fine their advertising to catalogues and large dailies but now they are distributing a share among the country papers where they can see it will be a benefit to them. One of this great firm made twenty-five million dollars in a few years and retired from business. How did he do it? By personal contact? No, but by legitimate advertising. Why are the wide awake stores in the cities devoting a large amount to yearly newspaper advertising? Simply because they get returns. If you doubt the benefits of advertising, announce an article at a bargain and watch the people flock in to invest. Of course promiscuous advertising is of little value but if you buy right you can multiply your trade by two by consistent advertising. Tell the live merchant it does not pay to advertise and see what he will say to you. Instead of telling the people not to go away from home to purchase their goods, show them your goods and prices and prove to them you can out-sell the city stores and mail order houses because of your cheaper rents and lower expenses. How are the people going to find out these facts if you do not tell them? The place to go to trade is where the proprietor does show up his goods in competition with other men's goods. Then the place to purchase is at the stores that advertise.

The British House of Lords has taken a step that has not been paralleled in British history for three centuries. They have taken the bits between their teeth and rejected the budget by an overwhelming majority of 250 to 75. Against the councils of some of the best men in their house such as, Rosebery, Morley, Lord Cromer, Lord Balfour or Burleigh, the Earl of Lytton, Lord Courtenay, and the archbishops of Canterbury and York. The situation thus created has no parallel in British history. It is equivalent to an assertion of the right, on the part of the Lords, to stop the supplies of the government if it cannot have its own way in legislation. To concede such a claim would be to turn British institutions topsy-turvy.

The New Issue
If the ancient adage that whom the gods would destroy they first make mad is true, the House of

Lords must surely be marked for destruction. Never did a group of aristocrats play more madly into the hands of its enemies. The Liberals with their radical, socialistic, and Irish allies, have now precisely the issue on which they would choose to go before the people. The burning question is no longer the budget, but whether the will of the people, expressed through their elected representatives, may at any time be over-ruled by a hereditary body of crass Conservatives, most of whose members do not enter the House of Lords except when they think that their personal prerogatives or interests are menaced. That the Liberals, on such issue, should fail to get a majority is almost unthinkable; and if they do, their victory is likely to be followed by such a recasting of the House of Lords that that body of truculent aristocrats will scarcely recognize itself. The results of the vote in England will be watched with interest in this country. The Paynes, the Aldrichs and the Cannons are driving the masses of the United States to their limit with their high tariffs and other laws favoring the classes over the masses. Can they be dented? The vote in England will be an index of what the people can do if once united against Class Privilege.

The Wisconsin treasury is practically empty with a deficiency of about half a million. There is a great contrast between this and the condition a few years ago. The Sentinel says the state did her Christmas shopping early.

STERILIZATION AND CRIME
The remarks of Judge Brazee in sentencing the murderers of Hattie Zinda, will serve to call the attention of the people of Wisconsin to a subject that is already engaging the attention of the medical fraternity and students in criminology throughout the country.

The judge expressed the conviction that the men guilty of the crime to which these men had confessed should be sterilized. Then the community would be forever, safe from the attacks of such brutes. The state of Indiana has in operation such a law, and it applies to other cases than those similar to the Zinda case.

This law, as reported, is working with such good results that it is at-

tracting wide attention, and similar laws may ere long be put into operation in no other states. Sterilization is not injurious to the criminal. It may well prove beneficial in destroying the criminal instinct by heredity. It should work as a check on the propagation of criminality. Judge Brazee's utter dictum deserves serious consideration.

STRONG ATTRACTION COMING
Manager Hanson of the Grand Opera House has secured as an attraction for December 23 and 24 one of the best vaudeville troupes on the road. The company belongs to the Geo. H. Webster circuit. It appears only in the larger cities and everywhere gives satisfaction. The roster is composed of several of the highest class vaudeville people before the public to-day. They are all artists in their line. Seldom is the people of Rhinelander given an opportunity to attend such a clever performance. Manager Hanson guarantees every one their money's worth.

SEIBEL AS SANTA CLAUS

Hub Proprietor Will give Ten Suits To Poor Boys.

P. F. Seibel, proprietor of the Hub Clothing Store, will play the role of Santa Claus this Christmas to the poor and needy little boys of Rhinelander. He has decided to give from his stock ten suits of clothing. There will be one suit of each of the following sizes, 4, 6 and 7; two suits each of sizes 8 and 9, three suits of size 10.

It will be left to the citizens of Rhinelander to name the boys who are to be presented with the suits. Any little chap in need of clothes should notify Mr. Seibel at the Hub.

In making the gift Mr. Seibel displays a spirit of generosity that will endear him to the hearts of the poor of Rhinelander. The suits represent an expenditure of at least fifty dollars. His example could well be followed by others.

WILL ISSUE WEDNESDAY
For the benefit of the advertisers and purchasers the New North will be issued on Wednesday of next week.

The Best Xmas Present in the World.

What better Xmas present can any one procure for a husband, wife, son, daughter, father or mother than a benefit Certificate payable at death to the relative or dependant, and which in case of the member living until age 65, will return to themselves a very handsome return in cash, while during the intervening years, it protects their dependants against their untimely death as well as total disability.

In case of death the face of the policy will be paid to the beneficiary. In case of total disability the member is provided for by allowing him to draw almost the full face value of his policy or else if the member so wishes we provide a home for him the balance of his life.

When a member reaches the age of 65 he has one of three different options. He can draw his money, he can have a paid up policy, or else he can have a home that will shelter and protect and take care of him as long as he lives.

One of these 3 things, death, old age and total disability will some day rob you of your money producing power.

Therefore you should be protected not only in case of death, but against all 3 of these conditions.

THE MODERN SAMARITANS offer a plan of insurance protecting the member against all 3 of these conditions and yet under a plan which makes the order one of the strongest and safest in existence.

They were incorporated at Duluth, Minn., 12 years ago. We invite an investigation of our finances and our plan which is being recommended as the best plan of insurance ever heard of by the leading business men of the country.

Men and women admitted between the ages of 18 and 50. Our rates are adequate.

Be a charter member and secure a beautiful gold button or pin free to charter members only.

Will organize here at Rhinelander between Christmas and New Years, the exact date and place of which will appear in a later issue.

Willard Fisher's Friends Fittingly Observe His Birthday

Willard Fisher, bookkeeper for Armour & Company in this city, passed another milestone in his useful career Tuesday, and in observance of the event his gentlemen friends tendered him a banquet at Henning's Cafe. Covers were laid for fifteen.

Before indulging in the spread, Dr. Elliott, toastmaster, presented the guest of honor with a fine traveling bag as a token of remembrance from those assembled. The bag was not given to Mr. Fisher with the understanding that the boys desired to see him "travel," but with the hope that he would continue his stay in their midst for many years to come. In a few effective words, the recipient kindly thanked the boys for their gift.

After the feast was over and cigars had been passed around, the assemblage spent a few pleasant hours in song and story. Each one present did a "stunt" and there was none who made a bigger hit than Mr. Fisher in the difficult role of "Little Egypt." The party was brought to a close with the words of that old favorite song "For He's A Jolly Good Fellow."

Moved by Alderman Baker and seconded by Alderman Calkins that the bills be allowed as recommended by the Comptroller and the proper officers be instructed to issue orders in payment for same. Carried, all voting except Alderman Pecor voting no.

The following resolution was read: To the Common Council, City of Rhinelander:

Gentlemen:—We the undersigned freeholders of the sixth ward do hereby respectfully petition you for to take proper steps for the reopening of Wabash Street from Kemp Street north to Park Street.

Signed, W. J. Shannon and others. Moved by Ald. Gilley seconded by Ald. Cain that petition be referred to the Board of Public Works with instructions to report at the next meeting of the council. Carried.

Moved by Ald. Baker seconded by Ald. Hanson that the committee on fire dept. with the Chief of said department and the Mayor be instructed to purchase a new horse for the said fire department. Carried, all voting aye.

Moved by Ald. Calkins seconded by Ald. Swedberg that the matter of re-arranging the heating system in the City Hall be referred to the Board of Public Works with authority to change same if deemed advisable. Carried, all voting aye.

Moved by Cain seconded by Hanson that the matter of putting in a new door to the City Lock Up in the City Hall be referred to the building committee. Carried.

Moved by Ald. Gilley seconded by Ald. N. P. Hanson that the matter of securing fuel for the City Hall and the two Hose Houses be referred to the Board of Public Works. Carried, all voting aye.

Moved by Ald. Calkins seconded by Ald. Cain that the matter of providing necessary sheds for the hose wagons and sleighs not in use be referred to the committee on fire dept. Carried, all voting aye.

Upon motion council adjourned. GUST SWEDBERG, City Clerk.

BUILDING IS FINISHED

The new store building on Keenan Street, south side, erected by Fred Langlois, the well known meat dealer, is completed. The structure is solidly built of the best material obtainable; it is equipped with all modern conveniences and stands as an improvement to that part of the city. The spacious hall on the second floor of the building has a smooth floor suitable for dancing and will no doubt be the scene of many pleasant social events in the future. The owner is desirous of renting the hall to some society or lodge. In investing in this building Mr. Langlois displays his faith in the future growth and activity of the south side.

ORDERS HIS AD OUT

E. H. Rogers, manager for the Osceola Mill & Elevator Company in this city, placed a small ad in the New North want column last week advertising white Wyandotte pullets for sale. On Monday Mr. Rogers ordered us to discontinue the ad, as he had sold the pullets at a good price within twenty-four hours after the paper was issued, and was tired responding to 'phone calls and answering inquiries from people who desired to purchase.

Does it pay to advertise in the New North? Well, just ask Mr. Rogers.

EX-CONGRESSMAN MEEKISON COMMENDS PE-RU-NA.

"I have used several bottles of Peru-na and I feel greatly benefited thereby from my catarrh of the head. I feel encouraged to believe that if I use it a short time longer I will be fully able to eradicate the disease of thirty years' standing."—David Meekison.

OTHER REMARKABLE CASES.

Mr. Jacob L. Davis, Galena, Stone county, Mo., writes: "I have been in bad health for thirty-seven years, and after taking twelve bottles of your Peru-na I am cured." Mr. C. N. Peterson, 182 South Main St., Council Bluffs, Iowa, writes: "I cannot tell you how much good Peru-na has done me. Constant confinement in my store began to tell on my health, and I felt that I was gradually breaking down. I tried several remedies, but obtained no permanent relief until I took Peru-na. I felt better immediately, and five bottles restored me to complete health."

A SINCERE RECOMMENDATION.

Mr. D. C. Prosser, Bravo, Allegan Co., Mich., writes: "Two years ago I was badly afflicted with catarrh of the stomach. I had had a run of typhoid fever, was very depleted. I could find nothing I could eat without causing distress and sour stomach. Finally I came to the conclusion that I had catarrh of the stomach and seeing Peru-na advertised, began to take it. It helped me soon, and after taking three or four bottles I was entirely cured of stomach trouble, and can now eat anything."

Rhinelander is experiencing its first touch of winter. The weather, while pleasant is quite chilly, the thermometer hovering about zero. There is not sufficient snow for sleighing which is strange considering the fact that several of the neighboring cities have had some heavy snow storms. The loggers operating in this vicinity are not satisfied with conditions.

LEVITT STILL AT IT

This office is in receipt of a neat little folder advertising a Christmas sale at the store of A. Levitt at Fond du Lac. A box of fancy chocolates is given to each lady visitor at the store, and the patrons are favored with selections by an orchestra.

It is very evident that Mr. Levitt has not lost any of his faith in advertising. Judging from his large ads in the Fond du Lac paper he still believes that printer's ink is one of the strongest mediums for attracting trade. We learn direct from Fond du Lac that his advertising, together with a fine stock of goods, is bringing results.

HE WANTED TO BE ON TIME

But It Is Probable Mrs. Blank Had Something to Say to Him That Night.

He was a very busy man, and, like all of his kind, he hated to waste time by unnecessary waiting. That was why in the midst of his correspondence, along about 11 o'clock the other morning, he paused, and, turning to his secretary, requested him to ring up his residence on the 'phone.

"Jemmlson," he said, "get my house on the wire and ask Mrs. Blank to come to the 'phone. Just tell them that I wish to speak to her."

The secretary made off, and in a few minutes the required connection was made.

"Is that you, Mary?" he said.

"Yes," was the answer.

"Well, this is John," he said. "I have just rung you up to tell you that Barker was in here this morning with two tickets for the theater tonight. He and Mrs. Barker have been called suddenly out of town, and he thought we might like to use the tickets. How about it?"

"Fine," replied Mrs. Blank. "I have nothing else to do."

"All right, my dear," continued Blank. "The curtain rises at 8:30."

"Yes, I know," said Mrs. Blank. "I thought I'd let you know in time, so that directly you have had your lunch you can begin to put your hat on," he went on. "Then we can get there before the middle of the first act. By-by, dear."

The only answer was an angry click at the other end of the wire, which seemed to indicate that another receiver was in trouble, but Mr. Blank only laughed as he returned to his work.—Lippincott's.

Moved by Ald. Calkins seconded by Ald. Cain that the matter of providing necessary sheds for the horse wagons and sleighs not in use be referred to the committee on fire dept. Carried, all voting aye.

Upon motion council adjourned.

GUST SWEDBERG,
City Clerk.

BUILDING IS FINISHED

The new store building on Keenan Street, south side, erected by Fred Langlois, the well known meat dealer, is completed. The structure is solidly built of the best material obtainable; it is equipped with all modern conveniences and stands as an improvement to that part of the city. The spacious hall on the second floor of the building has a smooth floor suitable for dancing and will no doubt be the scene of many pleasant social events in the future. The owner is desirous of renting the hall to some society or lodge. In investing in this building Mr. Langlois displays his faith in the future growth and activity of the south side.

ORDERS HIS AD OUT

E. H. Rogers, manager for the Osceola Mill & Elevator Company in this city, placed a small ad in the New North want column last week advertising white Wyandotte pullets for sale. On Monday Mr. Rogers ordered us to discontinue the ad, as he had sold the pullets at a good price within twenty-four hours after the paper was issued, and was tired responding to "phone calls" and answering inquiries from people who desired to purchase.

Does it pay to advertise in the New North? Well, just ask Mr. Rogers.

From
Catarrh.

EX-CONGRESSMAN MEEKISON COMMENDS PE-RU-NA.

"I have used several bottles of Peru-na and I feel greatly benefited thereby from my catarrh of the head. I feel encouraged to believe that if I use it a short time longer I will be fully able to eradicate the disease of thirty years' standing."—David Meekison.

OTHER REMARKABLE CASES.

Mr. Jacob L. Davis, Galena, Stone county, Mo., writes: "I have been in bad health for thirty-seven years, and after taking twelve bottles of your Peru-na I am cured." Mr. C. N. Peterson, 122 South Main St., Council Bluffs, Iowa, writes: "I cannot tell you how much good Peru-na has done me. Constant confinement in my store began to tell on my health, and I felt that I was gradually breaking down. I tried several remedies, but obtained no permanent relief until I took Peru-na. I felt better immediately, and five bottles restored me to complete health."

A SINCERE RECOMMENDATION.

Mr. D. C. Prosser, Bravo, Allegan Co., Mich., writes: "Two years ago I was badly afflicted with catarrh of the stomach. I had had a run of typhoid fever, was very depleted. I could find nothing I could eat without causing distress and sour stomach. Finally I came to the conclusion that I had catarrh of the stomach and seeing Peru-na advertised, began to take it. It helped me soon, and after taking three or four bottles I was entirely cured of stomach trouble, and can now eat anything."

Rhinelander is experiencing its first touch of winter. The weather, while pleasant is quite chilly, the thermometer hovering about zero. There is not sufficient snow for sleighing which is strange considering the fact that several of the neighboring cities have had some heavy snow storms. The loggers operating in this vicinity, are not satisfied with conditions.

LEVITT STILL AT IT

This office is in receipt of a neat little folder advertising a Christmas sale at the store of A. Levitt at Fond du Lac. A box of fancy chocolates is given to each lady visitor at the store, and the patrons are favored with selections by an orchestra.

It is very evident that Mr. Levitt has not lost any of his faith in advertising. Judging from his large ads in the Fond du Lac paper he still believes that printer's ink is one of the strongest mediums for attracting trade. We learn direct from Fond du Lac that his advertising, together with a fine stock of goods, is bringing results.

SCHOOLS CLOSE FRIDAY

The city schools will close tomorrow (Friday) afternoon for the holiday vacation of two weeks. Fitting exercises will be conducted in all of the grades. The pupils in some of the lower departments will be favored with Christmas trees.

HE WANTED TO BE ON TIME

But It Is Probable Mrs. Blank Had Something to Say to Him That Night.

He was a very busy man, and, like all of his kind, he hated to waste time by unnecessary waiting. That was why in the midst of his correspondence, along about 11 o'clock the other morning, he paused, and, turning to his secretary, requested him to ring up his residence on the 'phone.

"Jemmission," he said, "get my house on the wire and ask Mrs. Blank to come to the 'phone. Just tell them that I wish to speak to her."

The secretary made off, and in a few minutes the required connection was made.

"Is that you, Mary?" he said.

"Yes," was the answer.

"Well, this is John," he said. "I have just rung you up to tell you that Barker was in here this morning with two tickets for the theater tonight. He and Mrs. Barker have been called suddenly out of town, and he thought we might like to use the tickets. How about it?"

"Fine," replied Mrs. Blank. "I have nothing else to do."

"All right, my dear," continued Blank. "The curtain rises at 8:30."

"Yes, I know," said Mrs. Blank.

"I thought I'd let you know in time, so that directly you have had your lunch you can begin to put your hat on," he went on. "Then we can get there before the middle of the first act. By-by, dear."

The only answer was an angry click at the other end of the wire, which seemed to indicate that another receiver was in trouble, but Mr. Blank only laughed as he returned to his work.—Lippincott's.

THE REASON WHY

Vinol

IS THE BEST STRENGTHENING TONIC

for Feeble Old People, Delicate Children, Weak, Run-down Persons, and to Counteract Chronic Coughs, Colds and Bronchitis, is because it combines the two most world-famed tonics—the medicinal, strengthening, body-building elements of Cod Liver Oil and Tonic Iron, without oil or grease, tastes good, and agrees with every one.

We return your money without question if Vinol does not accomplish all we claim for it.

FROM NEARBY TOWNS

Washburn—Burt Harrington and Martin Sundeen, engineer and fire man, respectively on an Omaha switch engine in the Washburn railroad yards, were operated on for appendicitis at an Ashland hospital a few days ago. As the men had worked together for a long time it may be that one contracted the disease from the other although physicians maintain that appendicitis is not contagious.

Ironwood—The ore shipping season for the present year which came to an end last week was a record breaker. The total amount of ore sent from this range to the Ashland docks was 3,821,132 tons. The previous best record was in 1907 when the shipments to the docks reached 3,437,572. Heavy rail shipments direct to furnaces will continue for several weeks.

Antigo—The discovery of a human leg in the rear of Ullman's barn caused the police to believe that a horrible murder had been committed and for a time excitement was at fever heat. Upon investigation it was learned that the leg was the property of a young medical student who during the vacation months had been making a study of the human anatomy. On returning to college he had left the leg in the barn from where it was thrown out by the janitor.

Ashland—Two little girls, Agnes Smith and Annie Ludak, both thirteen years of age, escaped from the Industrial School at Milwaukee and made a forty mile trip clinging to the rods underneath a passenger train. They then walked ten miles across country to evade being captured and brought back. They were picked up by the police at Johnson Creek, cold, hungry and almost exhausted. The girls were sentenced from Ashland for robbing the safe at Hoppenyan's drug store.

Merrill—John Olson, who has just returned from Alaska, is the guest of friends in this city. Mr. Olson was in the gold country for eleven years and was part owner of a paying mine located 600 miles north of Dawson City. Mr. Olson with his two part-

ners took over one-half million dollars worth of gold from the mine and then sold the property for several hundred thousand dollars. He says that he has made his stake and will spend the remainder of his life in comfort at Seattle, Wash.

Tomahawk—It is probable that there will be passed at the January meeting of the city council an ordinance to increase the water rates. The rate for residences will be changed from \$4 to \$5 per year.

Medford—The little seven year old son of Mr. and Mrs. G. M. White put his tongue on a frosty iron pump handle and it was instantly frozen fast. His mother came to his rescue and in relieving the child from his predicament a piece of his tongue was left on the handle.

Wausau—Municipal Judge Marchetti and other prominent men declare they saw an airship flying toward the southwest over this city at about four o'clock Thursday afternoon and are positive they are not mistaken. The object was not flying high and the two planes of the airship were distinct. The movement through the air was undulating but swift and they watched it until it was out of sight.

Stevens Point—A man who had all the appearances of a genuine tramp was picked up by the police at the Soo depot. When searched at the police station he was found to possess a tin tobacco box which contained \$110 in bills, \$9.33 in cash, and two notes one for \$100 and one for \$50, also a ticket from Junction City to Montello.

New London—For conduct unbecoming an officer, Thos. Dunn, night watchman at Hortonville, has had his star removed. It is the duty of the night officer to extinguish all the village street lights after the 11 p. m. Northwestern passenger goes north. Dunn had indulged too heavily in liquor and when the 7 p. m. train went north he thought it was the 11 o'clock train. Accordingly he put out all the street lights and left the town in darkness. The incident created both disgust and amusement.

Marquette—According to lumber-

men who operate camps in Wisconsin and Michigan, no winter in recent years has started out quite as propitiously for them as has this one. The snowfall of Sunday measuring about fifteen inches on the level is precisely what they wanted after the week of zero weather which hardened the ground and paved the way for the building of the finest kind of roads in the woods. The prediction is that this year's lumber cut will be the largest for some years.

Superior—The trial of Ed. Phelps is now occupying the attention of Judge Vinje in circuit court. Phelps is charged with altering and passing for true a forged county order. Some very sensational developments pertaining to county affairs in the last few years is expected to be brought out at the trial. It is the first of the graft cases to result from the investigation of the Superior Business Men's Association. The trial of Alexander McAllen, former supervisor of the town of Gordon, is the following on the calendar.

NO REASON FOR IT

When Rhinelander Citizens Show the Certain Way Out

There can be no just reason why any reader of this will continue to suffer the tortures of an aching back, the annoyance of urinary disorders, the dangers of diabetes of any kidney ills when relief is so near at hand and the most positive proof given that they can be cured. Read what a Rhinelander citizen says:

John J. Hickey, Kamp St., Rhinelander, Wis., says: "About two years ago my kidneys became disordered and I suffered a great deal from a lame back. I tried several remedies, but found no relief until I began taking Doan's Kidney Pills, procured at Reardon's Drug Store. After that my condition improved steadily and I have no kidney trouble since."

LAW REGARDING CORPSES

According to the new law, unclaimed corpses must hereafter be shipped to the state university for use in demonstrating. Local undertakers are in receipt of notices from the university calling their attention to the law. The notice is to the effect that public officers having in charge the body of any deceased person unclaimed by relatives or friends are required by law to notify the demonstrator of anatomy at the university and if such body is desired for the purpose of dissection to ship it to the university. Under the rules of the state board of health bodies of persons dying of acute contagious diseases cannot thus be shipped, but the bodies of those dead of other diseases may be kept for forty-eight hours to allow time for communication with friends and then shipped, without embalming but carefully wrapped and enclosed in a sound casket or coffin, encased in a strong box.

How One Doctor Successfully Treats Pneumonia

"In treating pneumonia," says Dr. W. J. Smith, of Sanders, Ala., "the only remedy I use for the lungs is Chamberlain's Cough Remedy. While, of course, I would treat other symptoms with different medicines, I have used this remedy many times in my medical practice and have not failed to find a case where it has not controlled the trouble. I have used it myself, as has also my wife for coughs and colds repeatedly, and I most willingly and cheerfully recommend it as superior to any other cough remedy to my knowledge." For sale by F. L. WIPE OUT TUBERCULOSIS

Reasons Why You Should Buy the Holiday Stamp

It is a handsome and neat decoration for gift packages, Christmas cards, and correspondence of all kinds during the holiday season.

It is a testimonial of "Good Will Toward Men."

It makes the recipient think, thus dispelling apathy, one of the greatest foes of mankind.

It is an evidence of knowledge.

Every stamp is a well-directed blow against consumption.

It costs one cent.

One cent thus spent may save a life.

It gives the poor people an opportunity to contribute toward the anti-tuberculosis movement.

It is a mute but mighty appeal to suffering thousands.

It is a messenger of hope, of sympathy, of uplift.

It is the most profitable investment the world has ever presented. The penny will be returned a thousand fold in "health dividends."

It gives the children an opportunity to add their mite.

It is an educator. Education is the best medicine in the fight against consumption.

Ill Health Is More Expensive Than Any Cure

This country is now filled with people who migrate across the continent in all directions seeking that which gold cannot buy. Ninetenths of them are suffering from throat and lung trouble or chronic catarrh resulting from neglected colds, and spending fortunes vainly trying to regain lost health. Could every sufferer but undo the past and cure that first neglected cold, all this sorrow, pain, anxiety and expense could have been avoided. Chamberlain's Cough Remedy is famous for it cures colds, and can always be depended upon. Use it and the more serious diseases may be avoided. For sale by F. L. Hinman & Co.

THEY INJURE CHILDREN

Ordinary Cathartics and Pills and Harsh Physic Cause Distressing Complaints

You cannot be over-careful in the selection of medicine for children. Only the very gentlest bowel medicine should ever be given, except in emergency cases. Ordinary pills, cathartics and purgatives are apt to do more harm than good. They cause griping, nausea and other distressing after-effects that are frequently health-destroying and a life-lasting annoyance.

We personally recommend and guarantee Rexall Orderlies as the safest and most dependable remedy for constipation and all its attendant disorders. We have such absolute faith in the virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk. Rexall Orderlies contain an entirely new ingredient which is odorless, tasteless and colorless. As an active agent, it embraces the valuable qualities of the best known intestinal regulator tonics.

Rexall Orderlies are eaten like candy. They are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness or other undesirable effects. They have a very natural action upon the glands and organs with which they come in contact, act as a positive and regulative tonic upon the relaxed muscular coat of the bowel and its dry mucous lining; remove irritation, overcome weakness, tone and strengthen the nerves and muscles, and restore the bowels and associated organs to more vigorous and healthy activity.

Rexall Orderlies completely relieve constipation, except when of a surgical character. They also tend to overcome the necessity of constantly taking laxatives to keep the bowels in normal condition.

There is really no medicine for this purpose so good as Rexall Orderlies, especially for children, aged and delicate persons. They are prepared in tablet form in two sizes of packages: 12 tablets 10 cents, and 36 tablets 25 cents. Remember you can obtain Rexall Remedies in Rhinelander only at our store, The Rexall Store, J. J. Reardon, Rhinelander, Wis.

GOVERNMENT POSITIONS FOR MEN AND WOMEN

The Government gives Railway Mail Clerks \$500 per year to start and increases to \$1,200.

Uncle Sam will soon hold an examination throughout the country for Postal Clerks, Letter Carriers and other Government Positions. The work is pleasant, hours short and pay liberal. It is estimated that 50,000 appointments will be made this year. The Government wants men and women over 18. Any reader of the —G— can get full information and instructions to pass the examination by addressing the 832 Bureau of Instruction, Hamlin, Building, Rochester, N. Y. 07-07-1910

CARD OF THANKS
